Judul TM2 Mussel Mud

In May of 1989, Ron Sampson, proprietor of PEI Mussel Mud and Natural Fertilizer Co (PEIMM), reviewed the sales results of "mussel mud". In its first year of operation, the business had dredged over 3,500 tons of mussel mud from a local river and 22 farmers had placed orders for autumn delivery. Ron's dream of establishing his own small business seemed one step closer to reality. As he reviewed the events that led to his success, he wondered what should be his priorities for the upcoming year.

**TM 5 The Newfoundland and Labrador Division of the Canadian Heart Foundation**

the Newfoundland and Labrador Division of the Canadian Heart Foundation (CHF) was excited by the challenge of developing a marketing plan for the campaign year from July 1, 1987 to June 30, 1988. Having just completed a marketing course at Memorial University of Newfoundland, she knew such a plan was essential to the growth and efficiency of the provincial division. The plan also would provide direction to solve many of the problems of the division and would be instrumental in helping achieve the major objective of gaining foundation status by July, 1989. In fewer than three weeks Tina would need the plan ready for implementation. As it was already June, there was an urgent need for action.
